TIDIOUTE, WARREN COUNTY, PENNA.

To the Trade.

&E TAKE PLEASURE in banding you, this our Latest Illustrated Catalogue of the Goods of our manufacture .--

We have more than doubled the capacity of our Works by the addition of an extensive saw mill and two other large buildings, making our plant one of the largest in the United States, and enabling us to fill all orders the day of their receipt.

We have also largely added to the variety and styles of our work, ia order to meet the largely-increased appreciative demand for the best class of Perforated and Wood Seat Chairs, which we manufacture, and Sell as cheap as any factory in the country. We are able to do this as our machinery is all the latest labor-saving improved. We are located in the midst of abundance of the very best Timber grown,—Ash, Elm, Maple, Cherry, Chestnut, Beech,

Chairs Ready to Ship--Knocked Down.

Birch, Cherry, White Wood, etc., and of which the Company and parties interested therein, own many thousands of acres.

We also manufacture our Bent Stock and have a large surplus on hand which we offer for sale.

Our Shipping facilities are the best, having Special Rates with several railroads, reaching all points. Being located within two hundred feet of the Allegheny River also gives us a water outlet to points south and west.

With our largely increased capacity, with our facilities for producing firstclass goods at the lowest rates, we confidently ask your kindly consideration when placing your orders.

Respectfully,

BOARD OF DIRECTORS:

BENT STOCK.

We have on hand a large Stock of Bent Stock, as well as well-seasoned Turned Stock. Prices given on application.

To the Trade.

When ordering, please do so by number and description. Also state in your order whether goods are to be in white or finished, and whether set up or knock-down, light or dark.

We ship all good released, unless otherwise ordered.

We deliver goods at R. R. Depot and Boat Landing free of charge, and in all cases get for our customers the lowest rate of freight we possibly can, but we cannot be responsible, and will not be accountable for freight over-charges, or damages which may happen to goods while in transit.

Boxes will be charged at cost, averaging 50 to 75 cents for each box.

Special Notice.

Formerly, Transportation Companies were held responsible, and paid all bills of damages on goods while in transit, until they became so frequent and exorbitant that the companies could not afford it.— The Freight Agts. then held a Convention, and prepared a Special Contract. This special contract was called a "General Release," and was about as follows: "We hereby release said Company from all damages arising from chafing, or breakage, damage from fire or water, or effect of heat or cold, delay at points of transfer, or any other cause not the result of collisions of trains, or of cars being thrown from the track." The Railroad Companies will not take freight from us or any other manufacturer, without the Release, except at Double Rates of freight.

If you desire to ship your goods *Insured*, and are willing to pay the extra freight, please instruct us so to do, otherwise we will expect that you desire the *Reduced Rates*.

But we wish it understood, that we do not assume any responsibility whatever, after delivering in Good Order, and after receiving a receipt to that effect.

Our Terms are as Follows:

Net Sixty days: or Five per cent. Discount if we receive Remittance within 30 days from date of Invoice; subject to sight draft after 60 days

Exchange, Express, or other charges must be paid on all Remittances by the Purchaser.

All bills to be paid to the company at the home office.

The Freight Agents then held a convention, and prepared a Special Contract. This special contract was called a "General Release," and was about as follows: "We hereby release said Company from all damages arising from chafing, or breakage, damage from fire or water, or effect of heat or cold, delay at points of transfer, or any other cause not the result of collisions of trains, or of cars being thrown from the track." The Railroad companies will not take freight from us or any other manufacturer, without the Release, except at Double Rates of freight.

If you desire to ship your goods *Insured*, and are willing to pay the extra freight, please instruct us so to do, otherwise we will expect that you desire the *Reduced Rates*, and ship Chairs *Released*.

We cannot assume any responsibility after delivering in Good Order, and receiving a receipt to that effect.

TO THE TRADE.

When ordering, please do so by number and description. Also state in your order whether goods are to be in white or finished, and whether set up or knock-down, light or dark.

We deliver goods at R. R. Depot and Boat Landing free of charge, and in all cases get for our customers the lowest rate of freight we possibly can, but we cannot be responsible, for freight over-charges, or damages which may happen to goods while in transit.

Formerly, Transportation Companies were held responsible, and paid all bills of damages on goods while in transit, until they became so frequent and exorbitant that the companies could not afford it. The Freight Agents then held a convention, and prepared a Special Contract. This special contract was called a "General Release," and was about as follows: "We hereby release said Company from all damages arising from chafing, or breakage, damage from fire or water, or effect of heat or cold, delay at points of transfer, or any other cause not the result of collisions of trains, or of cars being thrown from the track." The Railroad Companies will not take freight from us or any other manufacturer, without the Release, except at Double Rates of freight.

If you desire to ship your goods *Insured*, and are willing to pay the extra freight, please instruct us so to do, otherwise we will expect that you desire the *Reduced Rates*, and ship Chairs *Released*.

We cannot assume any responsibility after delivering in Good Order, and receiving a receipt to that effect.
